**The Opportunity**

This is not merely rural land; it is a site with a documented architectural footprint. **Historical Footprint:** A 2002 property registry confirms the existence of several ruined houses and an entire abandoned village on the estate, providing a vital legal basis for reconstruction and redevelopment. **Precedent for Luxury:** The immediate neighborhood has already seen the successful development of 15,000 sq. ft. palatial residences, mirroring the exclusivity and scale of La Zagaleta. **Three Distinct Investment Plots**  
The estate is strategically divided into three "Master Plots," each offering unique characteristics: **Plot 1: Burca House (The Historical Heart):** 450,820 m<sup>2</sup> including the primary residence believed to be built on Roman foundations. The center of the estate's agricultural soul (Olives, Grapes, and Mangoes). **Plot 2: Eagles Nest (The Viewpoint):** 95,000 m<sup>2</sup> of elevated terrain. This plot offers the most dramatic panoramic views of the Mediterranean, Gibraltar, and the African coastline. **Plot 3: The Ampitheatre (The Sanctuary):** 71,808 m<sup>2</sup> featuring a unique natural bowl topography, offering total privacy and perfect acoustics for a secluded retreat or wellness oasis. **A 2,150-Year Legacy**  
Steeped in over two millennia of history, the estate has served as a Roman outpost, a thriving commercial farm, and a private shooting retreat. Despite its absolute privacy, it is exceptionally connected—located just 12 minutes from San Pedro de Alcántara via a high-quality asphalt road directly from the A7 highway. **Key Features at a Glance:** **Total Land:** 615,000 m<sup>2</sup> (1/3 the size of Monaco). **Legal:** 2002 Registry confirms ruined houses and abandoned village. **Water:** 3km of direct Rio Velerin frontage. **Infrastructure:** 7km of internal roads and direct A7 access. **History:** Roman-era foundations and 2,150 years of agricultural heritage. **Flexibility:** Available as a whole or as three individual plots.
